Dear Dr. Jiang
I hope this email finds you and your family well.
I find it part of my responsibility towards you to inform you personally, for your eyes only at this stage, that I've met several hurdles and obstacles in my relationship with Prof. Goldwasser.
It is somewhat early to judge whether this will have an impact on our joint plans re collaboration with SAIL.
However, I thought it is important that you will know it from me.
I will let you know if/when I reach more final conclusion, but I thought you should be aware of the situation and of a possible problem ahead.
Looking forward to hear from you and see you when I'm in China again.
Best
Ehud Barak
